

**NEW Parcel Locker Sizes Now Available to Add:**

- Parcel locker doors are available now in two NEW USPS Approved sizes
- **No additional charge for configuring using these new parcel lockers!**

**Standard Parcel Lockers Remain for USPS Approved Base Modules:**

- Standard 15" and 18" parcel lockers are still available as shown in the 'pre-configured' modules
- *15" and 18" Parcels cannot be removed or relocated in the standard USPS Approved modules*

## **Florence versatile™ 4C mailboxes - Features and Options**

Florence Manufacturing provides your customer the most efficient solution for their mail delivery needs. With **Stock**, **Pre-configured** and **Configurable** module options, we cover every need for your mail room design - - for both US Postal Service applications and Private applications.

### **Tenant door options:**

Standard door size is 3 ¼"High – OR select from our Oversize tenant doors

- 2 High door – 6 ¾" H
- 3 High door – 10 ¼" H
- 4 High door – 13 ¾" H
- 5 High door – 17 ¼" H
  - ADD a mail slot to your tenant doors if needed for your private 4C applications. Due to space constraints, mail slot cannot be added to a 1High DECAL prepared door.

### **Parcel locker door options (all sizes USPS Approved):**

Standard 15"High or 18"High Parcels are built into Florence pre-configured 4C mailboxes.

- These parcel locker doors *cannot be removed or relocated* from the pre-configured modules.

### **OR choose to...**

Customize your 4C and add / 'drag and drop' parcel locker doors available on 4C modules...

- 5 High Parcel door – 17 ¼" H
- 6 High Parcel door – 20 ¾" H
